Professional Summary

Results-driven **Software Engineer (MERN Stack)** with over 2 years of experience building, deploying, and optimizing high-performance web applications using React.js, Node.js, Express.js, and MongoDB. Skilled in REST API development, authentication systems, and scalable microservices architecture. Passionate about clean code, performance optimization, and delivering impactful, user-focused digital products that enhance business outcomes.

Technical Skills

- **Frontend:** HTML5, CSS3, JavaScript (ES6+), React.js, Redux, Tailwind CSS, Material UI, Bootstrap
- **Backend:** Node.js, Express.js, REST APIs, JWT Authentication
- **Database:** MongoDB, MySQL
- **Tools & Platforms:** Git, GitHub, Postman, VS Code, Lovable, Replit
- **Cloud & DevOps:** AWS (Basic), CI/CD Pipelines, Microservices
- **Methodologies:** Agile, Scrum, Version Control

Professional Experience

Full Stack Web Developer   Jan 2024 – Present
FabAF — Ahmedabad, India

- Designed and deployed full-stack MERN applications for 5+ clients, improving delivery speed by 25%.
- Integrated Stripe and PayPal payment systems, automating vendor payouts and reducing manual effort by 60%.
- Optimized database queries and caching, enhancing API response time by 20%.
- Collaborated with cross-functional teams to deliver scalable, production-grade web solutions.
- Ensured secure, maintainable, and well-documented code aligned with modern development standards.

Web Development Intern   Jun 2022 – Jul 2022
Solution Analysts — Ahmedabad, India

- Developed responsive React.js components and REST APIs using Node.js during a 6-week internship.
- Built reusable, modular UI elements following component-based architecture and best coding practices.

Key Projects

- **XO Sports Hub** – xosportshub.com.
  Sports training marketplace with bidding, offers, and admin dashboards. Designed RESTful APIs and optimized integrations for faster response times.

- **IIM-LMS** – iim.thefabaf.com.
  Learning management system featuring quizzes, certificates, and course modules. Implemented secure authentication and role-based access.

- **SendME** – sendme.thefabaf.com.
  Courier delivery platform with live tracking, in-app messaging, and Stripe Connect payments. Built robust backend APIs and admin dashboards.

- **Drinkun** – drinkun.com.
  Real-time alcohol delivery app. Developed responsive UI and optimized UX for high-performance order tracking.

- **Rapid Runners** – rapidrunners.com.
  Same-day delivery and moving service platform. Built adaptive, mobile-first frontend with seamless UX and fast load times.

- **Cherished Beginning** – cherishedbeginning.thefabaf.com.
  Daycare and babysitting management platform. Delivered fully responsive frontend integrated with REST APIs.

- **ListingPix** – listingpix.com.
  AI-powered real estate photography tool. Built a modern, responsive UI for real estate professionals with integrated AI enhancements.

Achievements

- Delivered 5+ full-stack production-grade applications across diverse business domains.

- Improved API performance by 30% through caching and query optimization.

- Increased SEO ranking by 25% through semantic HTML and performance tuning.

- Improved client satisfaction by 20% through timely delivery and enhanced user experience.

Education

Bachelor of Engineering in Computer Engineering   Aug 2019 – Apr 2023
Kadi Sarva Vishwavidyalaya (KSV), India
CPI: 8.81   —   CGPA: 8.3   —   Percentage: 78%

Certifications

- HTML, CSS, and JavaScript for Web Developers – Coursera

- UI/UX Design Fundamentals – Google (Coursera)

- Backend Development with Node.js – Udemy

Soft Skills

- **Problem Solving & Debugging** – Experienced in identifying root causes and implementing efficient solutions, reducing project downtime and improving code reliability.

- **Team Collaboration & Communication** – Worked effectively in cross-functional teams using Agile methodologies, ensuring smooth coordination between developers, designers, and stakeholders.

- **Time Management & Accountability** – Proven ability to manage multiple deliverables within tight deadlines while maintaining high-quality standards and ownership of assigned tasks.

- **Adaptability & Continuous Learning** – Quickly adapts to new technologies and project requirements, demonstrating flexibility in dynamic corporate environments.

- **Attention to Detail & Quality Focus** – Committed to writing clean, maintainable code and conducting thorough testing to deliver polished and error-free solutions.

Interests

- Web Performance Optimization

- UI/UX Design

- Agentic AI & Generative AI
